* Fantasy Action RPG * Asynchronous Online play * Designed for PS4 * Works anywhere on the network * Original soundtrack * HD Videos/Screenshots * World of 300 meters by 300 meters Developed by KONTIK ABOUT SCE GAMES SCE GAMES, a leading creator, publisher and distributor of interactive entertainment in the worldwide market, has announced today that Heroes of the Storm is available in the U.S. and Europe on the App Store for iPhone and iPad as well as Google Play for Android smartphones and tablets. Heroes of the Storm, the fast-paced multiplayer online battle arena (MOBA) game, offers players the chance to team up with 30 real-life, celebrity Heroes and Legends from the world of pop culture and join in-game wars in the fight to be the ultimate Champion. Initially launched in Korea last fall, the game will be available in North America on the App Store and Google Play in early 2014. Players can find out more about Heroes of the Storm at: ABOUT SCE JAPANESE OFFICE SCE JAPANESE OFFICE is the home of the Diablo III team for Japan, and the official publisher of the game in that region.
