Some Free Software is Free to
you, but not Free to an End
User. In the case of the Windows
Operating System, a protected
file is Free, but becomes a
limited version when it is
purchased. This is the case with
the Windows Media Player,
Media Center, and Media Center
Recycler.. Client/Server
computing: The server transmits
data to the client (and vice-

versa), and the server manages the data. It could manage a database, a farm of servers, or a group of clients. A message broker: An object mediates data transfers between two parties. It does not usually gather data.
